

# BOWLING NEWS

By EVA "TOOTS" YARBROUGH

Grab your favorite bowling partner and come on up to Torrance Bowling Academy. Ragtime doubles start Friday and they are open to all bowlers who have an established average. Everyone gets a two-thirds spot from 200—so come on, bowlers, start shooting for that cherished first place. There are lots of prizes just waiting to be won by some lucky person.

The Tuesday Night League came to a rip-roaring close last Tuesday night. Two weeks ago Rogers Liquor and Torrance Bowl were all tied up for first place, but the Rogers Liquor boys really got hep and won three games from V. & H. Garage and literally snatched first place right out from under the noses of the Torrance Bowl team. Torrance Bowl dropped three games to Standard Dredge but they still hung on to that No. 2 spot. V. & H. Garage won third place honors.

Harold Buck received an A. B. C. 250 pin for his high game of 233.

Harry Slover and Ray Reese beat John Clark and Jack Bassett by nine pins for first place in the Sweepsstakes. Slover and Reese rolled a 1203 series against 1254 for Clark and Bassett. J. Crawford and Larry Sommers took the No. 3 spot with their 1238.

Ray Reese rolled a snappy 664 series for the top money in the singles. Larry Sommers had 632 for second. John Clark won third with his 630.

Three teams from the 875 Traveling League will battle it out in the Torrance Bowl.

Lomita Auto Parts and Torrance Bowl will roll at Torrance and on Saturday night Morgan's Liquor from San Pedro are coming here to roll the local boys. These boys really give those maples a bad time so come on and give them some moral support. These games make good watching.

The Winter leagues are going to start the week of the 16th of September. This season will feature two mixed doubles leagues, one on Wednesday and another on Friday night.

# Virgil E. Newman Opening Terry's 5 & 10 Store

Virgil E. Newman, back in civilian life after a brilliant war record, announced today the opening of his new store, Terry's 5 and 10 Variety at 2081 Torrance boulevard tomorrow.

This new store will feature most of the items usually found in variety stores, but will carry many other items in order to expand the scope of the service of the store to the community.

Newman said: "It's good to be back and in business again. I hope that my new store will please the people of this area, and I am certain it will if the policy of good merchandise, fair prices and courteous service is the key to success."

"While I will feature special merchandise and special prices during our grand opening days and know that the people will appreciate these values, I am just as interested in folks visiting my store than in anything else. So I extend a personal invitation to everyone to just come in and say 'hello.'"

## REVOLVER SCORES

Torrance Police Revolver scores for the week ending Sept. 1, are as follows: Police course—281 caliber: L. Berry, 3 strings, 281 average; E. Ashton, 2 s., 281 a.; R. C. Chapman, 1 s., 246 a.; M. Cook, 1 s., 244 a.; E. Miller, 4 s., 232 a. With the 22 caliber: O. Medicus fired a 286 average for 4 strings.

Support. These games make good watching.

# Progress Reported On Formulating New Unemployment Pay Rules

Excellent progress on the tremendous task of formulating a set of regulations covering administration of the new Unemployment Compensation Disability benefits program is reported by James G. Bryant, chairman of the California Employment Stabilization Commission. The new program, which will pay cash benefits to California workers unemployed because of illness or injury, goes into effect December 1, and Bryant said he is confident the regulations which will activate the law will be completed before that date.

Certain aspects of the regulations are now awaiting the decision of the California Unemployment Insurance Appeals Board, before they can be adopted. Chief among these are the provisions covering voluntary benefit plans, the definition of "regular wages," the so-called "part-total" concept of benefit payments, and eligibility requirements for practitioners of religious organizations.

Formal protests against proposed regulations covering these aspects were filed during a public hearing conducted by the California Employment Stabilization Commission. Opposition to these subjects came from representatives of organized labor, insurance companies, manufacturers and churches. Arguments on the protests will be heard by the California Unemployment Insurance Appeals Board, of which T. C. McGettigan is chairman.

Unemployment Compensation Disability benefits are designed

## AVERAGE FAMILY

The average family in January this year was spending at the rate of \$466.84 annually for food. Of this amount 28.6 percent went for fruits and vegetables; 21.6 percent for meat products, and 19.4 percent was spent for dairy foods, according to the California Dairy Industry Advisory Board.

to reduce hardships caused by unemployment due to sickness or injury, Bryant pointed out. For several years, California workers have been paid benefits when unemployed while they are able and willing to work. The new program allowing benefits to those unemployed because of disability was created by action of the California legislature last spring.

The disability insurance program will be financed by the one percent tax on employee's wages which formerly was used to pay Unemployment Insurance benefits, thus providing additional benefits to workers without increasing the cost to them.

# Five Youths Are Arrested For Drunkenness

Five youths Friday night were reported to have been arrested for drunkenness at the community public dance in the Civic auditorium here, according to Torrance Police Chief John Stroh.

Two of the arrested youths were minors and were arraigned before City Judge John Shidler.

One was released to his guardian and the other to his parents. A third was fined \$25 and the other two were released on \$25 bail, it was reported.

## SANTA BARBARA DOVES

Doves are reported as quite plentiful in the Cuyama Valley and Santa Ynez Valley of Santa Barbara County.

# Dynamite Caps Injure Lomita Youngsters

Three youthful Lomita boys Friday explored a storage room here and discovered a box containing 27 dynamite caps. One of the youngsters held a match to a "dyno" cap with the result that he sustained multiple punctures of the chest, right arm, face and a badly mangled finger and thumb.

Another of the trio was treated for punctures on his shoulder and temple, while the third member, unarmed, was thoroughly frightened, Vermont sheriff's sub-station reported.
